14. An email will be sent to the address you provided.
15. Click or tap on the link in the email to verify it is valid.
16. You can now sign in to your account

PREPARE YOUR SETTINGS

1. Edit leak alert settings.
2. We recommend you set your alert notifications to 3 gallons per hour consecutively for 24 hours.
3. Set for minimum .5 gallons.
4. Set for “continuous flow”.
5. Make sure your email and telephone number are up to date to receive the notices.
6. Keep the Service Area apprised of your contact information, both phone and email, so we can reach out to you in the event of a leak at permit@scsa3.org.

Please contact [eyeonwater](https://eyeonwater.com) for further technical assistance.
