## Fees

	Residential Fee	Non-Residential Fee	Residential Wind Turbine, Solar, or Recycling Facility	Non-Residential Wind Turbine, Solar, or Recycling Facility	Amount Due
<b>Planning Department</b>	\$1,000	\$2,500	\$100	\$500 for first acre or 1,000 SF of disturbed area, and \$100 per additional acre or 1,000 SF. If the parcel is less than one acre, the fee shall be \$500	
<b>Engineering Department</b>	\$750	\$1,250	\$100	\$500 per acre of disturbed land, and \$100 per additional acre. If the development parcel is less than one acre, the fee shall be \$45	
<b>TOTAL AMOUNT DUE</b>					

All application fees must be paid at time of application submittal. Notification and publication fees for required public hearing notices (individual notices mailed to property owners - \$2 per notice; 14-day publication of legal notice in local newspaper – cost of notice) will be billed to the applicant. Notification and publication fees must be paid within 15 days of billing.

Please note regarding fees: The payment of fees and/or the acceptance of such fees by County Staff does not constitute any sort of approvals, vesting, or signify that the application is complete or appropriate in any manner. The collection of fees is simply a requirement to begin the review process that will ultimately make such determinations.

## Owner's Acknowledgement

I hereby declare under penalty of perjury that this application form and all information submitted as part of this application form is true, complete, and accurate to the best of my knowledge. Should any information or representation submitted in connection with this application form be incorrect or untrue, I understand that Summit County may rescind any approval or sufficiency determination or take other appropriate action.

Owner's Signature / Date

## Submittal Requirements

Additional details may be needed to ensure staff have sufficient information for analysis. All information submitted will be available for public review.

---

- Written description of the proposal (Include details such as hours of operation, number of employees, etc.)
  
- Existing conditions plan (*drawn to scale*) – including:
  - location and dimensions of all property lines
  - existing easements
  - existing roads and other public or private rights-of-way
  - existing ditches, streams, lakes, ponds, or other water bodies
  - existing structures and their setbacks from all property lines
  - any other existing conditions not identified above
  
- Proposed site plan (*drawn to scale*) - including:
  - all information from the existing conditions plan, if applicable
  - existing and proposed contours – for lots one acre or less in size, contours are required for the entire lot – for lots greater than one acre, contours are required 100' on each side of all proposed structures and other areas of disturbance proposed for the lot
  - identification of proposed structures and their setbacks from all property lines
  - identification of proposed ingress and egress and parking locations, including a note indicating the proposed number of parking stalls and their size
  - identification of snow storage areas
  - any other proposed elements
  
- Detailed building plans (*drawn to scale*) - including:
  - general arrangement of all buildings, including the overall dimensions of significant wall offsets
  - building cross sections and building elevations, including existing and proposed grade lines, floor levels which include the top of wall/plate height and overall height and pitch of roof
  - detailed floor plans that identify the use of the buildings and spaces within
  - roof plan that identifies the proposed materials, mechanical equipment, and significant roof penetrations
  - identification of all proposed exterior materials
  
- Detailed lighting plan (*drawn to scale*)
  - Snyderville Basin - Please see section 10-4-21 of the [Snyderville Basin Development Code](#).
  - Eastern Summit County – Please see section 11-6-20 of the [Eastern Summit County Development Code](#).
